Tools and Platforms: Google BigQuery, Databricks, Miro, Canva

Programming: SQL, Python (Basic), Database Management

Soft Skills: Analytical Thinking, Attention to Detail, Communication, Problem Solving, Collaboration

PROFESSIONAL EXPERIENCE

Administrator, Diet & Nutrigym Center - Johannesburg, South Africa

June 2023 - September 2024

- Managed and maintained client databases and operational records, ensuring data accuracy across 500+ records.
- Performed data entry, cleaning, and validation to keep records analysis-ready and audit-compliant.
- Generated weekly and monthly reports in Excel that informed scheduling and operational decisions.
- Standardised reporting workflows, reducing manual data preparation time.

Beauty Therapist, Dibabes Hair Salon - Johannesburg, South Africa

January 2022 - June 2023

- Managed booking systems and customer records with high accuracy and consistency.
- Improved organisation of day-to-day business operations and scheduling data.
- Tracked customer history to support repeat-business and retention efforts.

Radio Operator, Universal Church (Online Radio) - Remote

March 2021 - June 2021

- Managed scheduling and content data; maintained digital logs and broadcast records.
- Assisted with reporting and content organisation for live programming.

PROJECTS

Bright TV - Consumption Analysis and Growth Strategy

Tools: SQL, Dashboards

Link: <https://github.com/MassEgo88/Bright-TV-Case-Study>

- Analysed approximately 9,000 users and 91,000+ consumption records to surface engagement drivers.
- Identified that the top 20% of users drive the majority of consumption and recommended a retention strategy.
- Delivered a SQL-driven dashboard summarising key KPIs for product and growth stakeholders.

Bright Coffee Shop - Sales and Customer Insights

Tools: SQL, Microsoft Excel

Link: <https://github.com/MassEgo88>

- Cleaned and structured sales transactions to identify top-selling products and peak trading hours.
- Mapped customer behaviour patterns to inform staffing and inventory decisions.
- Recommended product-mix and promotional changes projected to lift revenue.

Bright Car Sales - Vehicle Sales Data Analysis

Tools: SQL, Excel, Data Cleaning

Link: <https://github.com/MassEgo88>

- Evaluated price, condition, mileage, and location to expose pricing trends and demand patterns.
- Surfaced the key factors influencing sale velocity and margin.
- Translated findings into a clear inventory and pricing strategy.
